Luke enjoys being outside, a sensation that he has hardly experience in his life, otherwise not free long enough to do much else other than make gardens of vegetables.

About Me:

I've been hiding all my life, I'm a third child, so if I'm found the population police will kill me, I just got a fake identity as CLASIFIED, so I can go to school, and be free! I'm teaching other exnays how to grow food and be more... normal.

Are you desperate to go outside and not be killed for it? Well, for \$2 only you can have the right to exist, with a fake I.D.!

About Me:

The exciting part of my life finally started when I stole from a hardware store. A kid named Peter Driscall told on me, so I had to do something about it. I pounded his face into the concrete until he was bloody. That was fun! So these losers sent me to an island for Circle Justice. I just went to get away from jail. Well, they left me on the island and I got attacked by A FREAKING BEAR!!! Then I thought that I was worthless, and started having crazy flashbacks and I realized that other people mattered too. I really wanted to be Peter's friend again. After I went to the hospital I went back to the island and lived by myself for a year and Peter came. Then he beat me up and we saw the Spirit Bear. Now we are friends!

PS: In my picture, I'm in the bottom left corner trying to fight the Spirit Bear.
